SPECIAL TRIPS TO NORTHERN EUROPE

RIVER RAFTING, FISHING AND TRADITIONAL HUNTERS' MEAL

Experience the Nordic nature in Erämys Riverside Camp

Erämys is a beautiful cottage village located on the shores of the Kymi-river, one of the best fishing rivers in Finland.

Erämys is offering you a Nordic nature camp where you get to experience the natural wilderness, the peace and quiet of the riverside and try out traditional Finnish summer activities like river rafting and fishing.

Wild River Rafting

Take the ultimate river challenge: Rafting in the wild Kymi-river. This is perfectly safe with our experienced rafting guides. Alternatively, if you don't like speedy rafting, you can experience canoeing adventure in the river.

Try out the riverside sauna

After fishing and river rafting it is time for you to experience the real Finnish Sauna and cool down on the porch, watch the river flow and have a couple of drinks – just enjoy.

Catch fish and relax by the river like a Russian Czar

Kymi-river is one of the longest rivers in Finland. Russian Czar Alexander III was enchanted by the natural beauty of the place and built a fishing lodge for himself there in 1889.

Kymi-river became the favorite destination of the imperial family, a place where they could relax and forget the strict court etiquette and the golden rooms of the Winter Palace in St Petersburg. The Czar would fish and chop wood at cottage while the Czarina would cook. Proper cottage life.

Eating the ancient food of the Finnish hunters

In Erämys you can taste a special meal called Rosvopaisti (robber's roast) which is roast meat cooked underground in a cooking pit. It is an ancient way of cooking and traditionally enjoyed by Finnish hunters. Some rumors are claiming that it originates from Mongolia and it came to Europe with Mongolian warriors, but we cannot be sure about it. What we are sure about is that it tastes very good. The meal also includes open fire blazed salmon, which is another traditional way of cooking in Finland.

Erämys is located in the area called Kultaa, close to the city of Kotka. From Kotka, it takes only 15 minutes to arrive to the river. From Helsinki Airport it takes about 90 minutes to get there.
