SPECIAL TRIPS TO NORTHERN EUROPE

Santalahti

SEASIDE RESORT

Relaxing quality sea side resort between Helsinki and St Petersburg on Finland's South East Coast

Various accommodation options

Santalahti is located near the city of Kotka, in beautiful setting next to the sea and white sand beach. Santalahti is offering great premises to stay for couple of days and explore the multiple travel destinations in one of the most beautiful parts of Finland. Santalahti has multiple types of accommodation starting from traditional wooden cottages to Luxury Villas, which can accommodate groups of 10 people with all modern facilities.

Best of all is the Villa Aava which has magnificent views of the open sea and the outer archipelago. It can accommodate up to 18 people in 10 bedrooms, each of which comes with own bathroom. Villa Aava is also well-suited for high end events and celebrations of more than 100 people.

Multiple Saunas

Santaltahti has multiple saunas available for the guests. The best of them is probably a cave sauna, a traditional Finnish smoke sauna combined with a hot bath tub and located inside a cave with magnificent sea views. Next to it is a wooden Lapland hut, which is a great place to have a traditional Finnish BBQ dinner. Both of these facilities are available upon request with separate pricing.

Enjoy Nature Activities

Apart from the great accommodation, Santaltahti resort is offering a lot of things to do: It has a beautiful nature trail which leads you through the island to the rocky archipelago on the southern coast - from which a sea view to the Gulf of Finland archipelago opens up. The length of the trail is about 2.5 km. There is also a golf course for relaxed business meetings.

Coastal Finland is a perfect background for fun, games and sports. In between these Nordic activities, you will get to enjoy and relax in the beautiful Finnish nature. Santaltahti beach has shallow waters, which are safe for swimming and SUP boards, which can be rented. Or if you like, you can try out your skills with fat biking and mini golf.
